

Rental Assistance

Have you experienced a financial hardship during the COVID-19 pandemic? We may be able to help.

Income restrictions apply.

What are the qualifications?

Residents of the City of Cleveland and Cuyahoga County who are having difficulty making rental payments due to the economic impact of the pandemic and who meet income eligibility requirements are eligible for assistance.

Priority is given to applicants whose income is at or below 50% AMI, have an adult household member who has been unemployed 90+ days and/or have a housing court/set-out date.

What type of assistance is available?

For eligible households, landlords may receive up to 18 months of rental assistance. CHN will also link applicants with other assistance programs that may help make electric, gas, water and sewer bills more affordable.

Please note, this assistance is only available as long as federal funding continues.
