**RE: Zoning Code Update
City of Garfield Heights
Proposal #23064**

Dear Mayor Burke:

Thank you for this opportunity to continue advancing the City of Garfield Heights (City, Client). Our team of OHM Advisors (OHM, Consultant) and ZoneCO LLC (ZoneCO, Consultant) are excited to help the City in updating their zoning code. This process will be essential in preparing the City for future development opportunities and align the vision spelled out in the recent Master Plan update.

Scope of Work:

ZoneCo LLC and OHM Advisors will work with the city to complete the following scope of work:

Phase 1 – Diagnose

The Diagnostic Report “diagnoses” your current zoning ordinance. The team will review all of your long-range planning documents and their land-use goals and compare them with your current zoning code. We will review all variances requested and granted, as well as other planning approvals. At the end of the process, we will have gained an understanding of the community, the land use goals, and the existing code.

- 1.1 - Virtual project kick-off meeting (up to two hours) with the steering committee (SC#1).
- 1.2 - Review the Comprehensive Plan and any other city plans, administrative forms, decisions from legislative and quasi-judicial zoning hearings, the current zoning regulations, and applicable portions of the Municipal Code (to be provided by the Client)
- 1.3 - Distribute a form to receive general comments from staff to gain insight into those areas needing revision and improvement within the zoning regulations and the associated procedures and administrative practices
- 1.4 - Isolate goals for land use, site development, and the built environment from the Comprehensive Plan
- 1.5 - Create a diagnostic matrix and score the land use goal consistency with the zoning regulations, compiling detailed notes while reviewing every line of code
- 1.6 - Summarize and distill the findings from the diagnostic matrix and notes into a Diagnostic Report
- 1.7 - Review the Diagnostic Report with staff and make all appropriate changes. This will be followed by a steering committee meeting (SC#2) to go over and review the report.
- 1.8 - One presentation of final report to the City Administration, Planning Commission, and City Council by teleconference

Phase 2 – Calibrate

The Calibration Module is where we lay out all of the base regulations that comprise the standards of the zoning districts and generally applicable chapters. This is an iterative process, and we will review the Calibration Table with staff and the public before finalizing it. Once the standards are revised, the consultant team can focus on drafting language and ensuring a visual and user-friendly zoning code document layout.

- 2.1 - Develop draft zoning districts and draft zoning map, to be reviewed by the steering committee (SC#3).
- 2.2 - Develop sample code outline and table of contents
- 2.3 - Develop Draft of Base Regulations in the form of Draft Calibration Table
- 2.4 - Test Base Regulations with Community through a public open house/workshop – Public Input
- 2.5 - Finalize Calibration Table

Phase 3 – Codify

The Codification Module is where the consultant team drafts each section of the zoning code and provides to staff for review. Several drafts will be produced and the public will be engaged.

- 3.1 - Develop each chapter of the zoning code – provide each section to staff for review
- 3.2 - Develop a full administrative draft of regulations/zoning code
- 3.3 - Public meeting or open house for public to review administrative draft of regulations/zoning code
- 3.4 – Update online GIS zoning map
- 3.5 - Final draft of regulations/zoning code
- 3.6 - Two adoption meetings (City Council, Planning Commission) – one meeting will be virtual and one in-person

Fee, Reimbursable Expenses and Schedule:

ZoneCO and OHM will complete the proposed scope of work, as outlined above, for the following fee and timeframe. The fee will be billed monthly on a percent complete basis. A notice to proceed (NOP) will be required for each phase. ZoneCO and OHM will not move forward with the next phase until the NOP has been received.

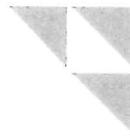

Item	Fee	Timeframe
Phase 1 – Diagnose	\$24,069	4 months
Phase 2 – Calibrate	\$36,990	4 months
Phase 3 – Codify	\$85,310	13 months
Total:	\$146,540	18-19 months

5. The Standard Terms and Conditions contained in the Annual Engineer contract per ordinance number 104-2022 shall also apply to this contract.
6. All other work not listed above is excluded from this proposal but can be added as an additional service, if requested.
7. Force Majeure: In the event either party is delayed or prevented from performing this Agreement due to any cause beyond its reasonable control, including but not limited to, strike, labor or civil unrest or dispute, embargo, blockage, work stoppage, protest, pandemics, or acts of God, such delay shall be excused during the continuance of such delay, and the period of performance shall be extended to such extent as may be reasonable to perform after the cause of delay has been removed. In the event any such delay continues for a period of more than thirty (30) days, either party may terminate the Agreement upon written notice to the other party. In the event of any such termination, The Owner shall pay OHM for work performed through the effective date of termination.

ALTERNATIVE TAX BUDGET INFORMATION

Political Subdivision/Taxing Unit City of Garfield Heights

For the Fiscal Year Commencing January 1, 2024

Fiscal Officer Signature _____ Date 7/11/2023

COUNTY OF CUYAHOGA

Background

Substitute House Bill No. 129 (HB129) effective June 3, 2002, was enacted by the 124th General Assembly in part to allow a county budget commission to waive the requirement that a taxing authority adopt a tax budget for a political subdivision or other taxing unit, pursuant to Ohio Revised Code (ORC) Section 5705.281.

Under the law in effect prior to June 3, 2002, the budget commission could only waive the tax budget for a subdivision or other taxing unit that was receiving a share of the county undivided local government fund or the county undivided local government revenue assistance fund under an alternative method or formula pursuant to ORC Sections 5747.53 and 5747.63. Thus, tax budgets could be waived only for counties, municipalities, townships, and park districts. This restriction is now removed.

Ohio Revised Code Section 5705.281

Under the amended version of this section pursuant to HB 129, a county budget commission, by an affirmative vote of a majority of the commission, including an affirmative vote by the county auditor, may waive the tax budget for any subdivision or other taxing unit. However, the commission may require the taxing authority to provide any information needed by the commission to perform its duties, including the division of the tax rates as provided under ORC Section 5705.04.

County Budget Commission Duties

The county budget commission must still certify tax rates to each subdivision or other taxing unit, by March 1 for school districts and by September 1 for all other taxing authorities under ORC Section 5705.35, even when a tax budget is waived. Also, the commission is still required to issue an official certificate of estimated resources under ORC Section 5705.35 and amended official certificates of estimated resources under ORC Section 5705.36.

Therefore, when a budget commission is setting tax rates based on a taxing unit's need, for purposes of ORC Sections 5705.32, 5705.34, and 5705.341, its determination must be based on that other information the commission asked the taxing authority to provide under ORC Section 5705.281, when the tax budget was waived. Also, an official certificate must be based on that other information the commission asked the taxing authority to provide.

County Budget Commission Action

On October 11, 2002, during the Cuyahoga County Budget Commission meeting, the commission with an affirmative vote of all members waived the requirement for taxing authorities of subdivisions or other taxing units (Including Schools) to adopt a tax budget as provided under ORC Section 5705.281, but shall require the filing of this Alternative Tax Budget Information document on an annual basis.

Alternative Tax Budget Information Filing Deadline

For all political subdivisions excluding school districts, the fiscal officer must file one copy of this document with the County Fiscal Officer on or before July 20th. For school districts the fiscal officer must file one copy of this document with the County Fiscal Officer on or before January 20th.
